Environmental Impact Assessment Report – Figures (Volume 2a)

663617

**MAY 2023**

## RSK GENERAL NOTES

---

**Project No.:** G/P/663617/09/04/03/03/04/Vol\_2a Rev04

**Title:** Environmental Impact Assessment Report – Figures (Volume 2a)

**Client:** Renantis UK Limited (formerly Falck Renewables Wind Limited)

**Date:** May 2023

**Office:** Glasgow

**Status:** Final

RSK Environment Ltd (RSK) has prepared this report for the sole use of the client, showing reasonable skill and care, for the intended purposes as stated in the agreement under which this work was completed. The report may not be relied upon by any other party without the express agreement of the client and RSK. No other warranty, expressed or implied, is made as to the professional advice included in this report.

Where any data supplied by the client or from other sources have been used, it has been assumed that the information is correct. No responsibility can be accepted by RSK for inaccuracies in the data supplied by any other party. The conclusions and recommendations in this report are based on the assumption that all relevant information has been supplied by those bodies from whom it was requested.

No part of this report may be copied or duplicated without the express permission of RSK and the party for whom it was prepared.

Where field investigations have been carried out, these have been restricted to a level of detail required to achieve the stated objectives of the work.

This work has been undertaken in accordance with the quality management system of RSK Environment Ltd.
