

**Legend:**

- Proposed Ben Aketil Wind Turbines
- Distance Radii from Outermost Turbine (15, 30, 45km)
- Viewpoints
- Ben Sca Redesign Turbines

**Zone of Theoretical Visibility**

Ben Aketil Turbines may be visible

Ben Sca Redesign Turbines may be visible

Both may be visible

**NOTES:**  
 This drawing is based upon computer generated Zone of Theoretical Visibility (ZTV) studies produced using the Viewshed routine in the Visibility Analysis plugin for QGIS.  
 The areas shown are the maximum theoretical visibility, taking topography into account.  
 This visibility map is based on a 'bare earth' model of the landform and does not show any effects of screening from obstacles such as buildings and vegetation.  
 The ZTV includes an adjustment that allows for Earth's curvature and light refraction. It is based on a DTM 50m<sup>2</sup> resolution.  
 Coordinate System: British National Grid  
 Projection: Transverse Mercator  
 Datum: OSGB 1936  
 Units: Meter
